GLASSPRO CELEBRATES GRAND OPENING OF NEW LOCATION IN WALTERBORO

Walterboro, SC---June 7, 2011--- Glasspro, Inc. dedicated their new auto glass replacement and repair retail facility at 744 Bells Highway in Walterboro on June 7 with a ribbon-cutting ceremony attended by the Walterboro Mayor Bill Young and several customers and friends from the Walterboro area. The Grand Opening followed the completion of renovations made by Glasspro to an existing building at the new Bells Highway location.

Walterboro Mayor Bill Young commented, “We appreciate this economic investment in our community, the employment opportunities it creates and the service it provides for our citizens.”

Glasspro President Paul Heinauer added, “We're very excited with this move to a larger and more conveniently located auto glass center in Walterboro. While we have served the Walterboro area for several years from our previous location, this new facility allows us to not only better serve our customers, but also to expand our business in Walterboro and the surrounding communities. We're delighted to continue to be a member of the vibrant Walterboro business community and look forward to many more years of growth in our new Walterboro auto glass center.”

The new Glasspro auto glass repair center will serve local residents and businesses throughout Walterboro and surrounding areas with complete auto glass services both in the shop as well as free mobile service. The new Walterboro auto glass center will be managed by Glasspro Regional Manager Judy Risher.

Glasspro operates nine retail auto glass repair and replacement facilities throughout the Lowcountry and Pee Dee, including Walterboro, Mt. Pleasant, North Charleston, Summerville, Goose Creek, Bluffton, Georgetown, Myrtle Beach, and Florence.
